

A Chapter of the American Institute of Architects

The American Institute of Architects San Francisco Chapter

IS PRIVILEGED TO PRESENT THIS

Presidential Commendation

TO

Jennifer Suzuki

In addition to supporting the architectural profession throughout her career as an attorney, Jennifer has been part of the AIASF Board of Directors for a remarkable eight years, generously agreeing to stay on and provide her support during this crucial time for the Chapter. Jennifer's good judgment, her unwavering commitment to the highest standards of practice, and her steady and even-keel presence have been instrumental as we chart AIASF's path to a bright future in our new Headquarters. Seeing Jennifer in action during the negotiation process for 140 Sutter was an object lesson in professionalism and persistence, and we are so grateful to her.
